

Online in Canada

and the United States of America

Low cost data bundles

UNLIMITED data bundles from 1 day to 30 days.

Or get our money-saving standard bundles from 1 to 50 GB.

Maximum network speed

Get the maximum available local network speed.

Online when you arrive

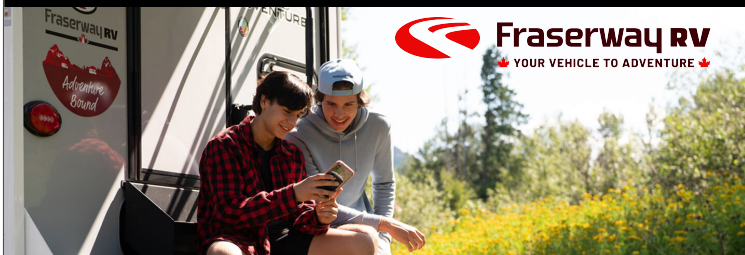

Get your eSIM now and be online when you get to Canada

7x7 days customer support

Live chat in our app or website daily 10:00-24:00 CET.

Or email us on support@goldenesim.com.

Regional bundles

If you rent a Fraserway RV and plan to cross the border to USA, you can get an eSIM for Canada and USA separately. We also offer a North America Regional bundle, that includes both countries. Search for 'regions' or type 'North America' when selecting a destination.

Network coverage

We offer you local network coverage. In Canada and USA network coverage is strong in urban areas, outside of it you will rely on the availability of the mobile network. This means network coverage is not guaranteed to be available everywhere.
